

NATURAL STONE • FINISHED PRODUCTS

Surfaces & Objects

From Brazilian stone to finished product

Materials and transformation possibilities for international projects.

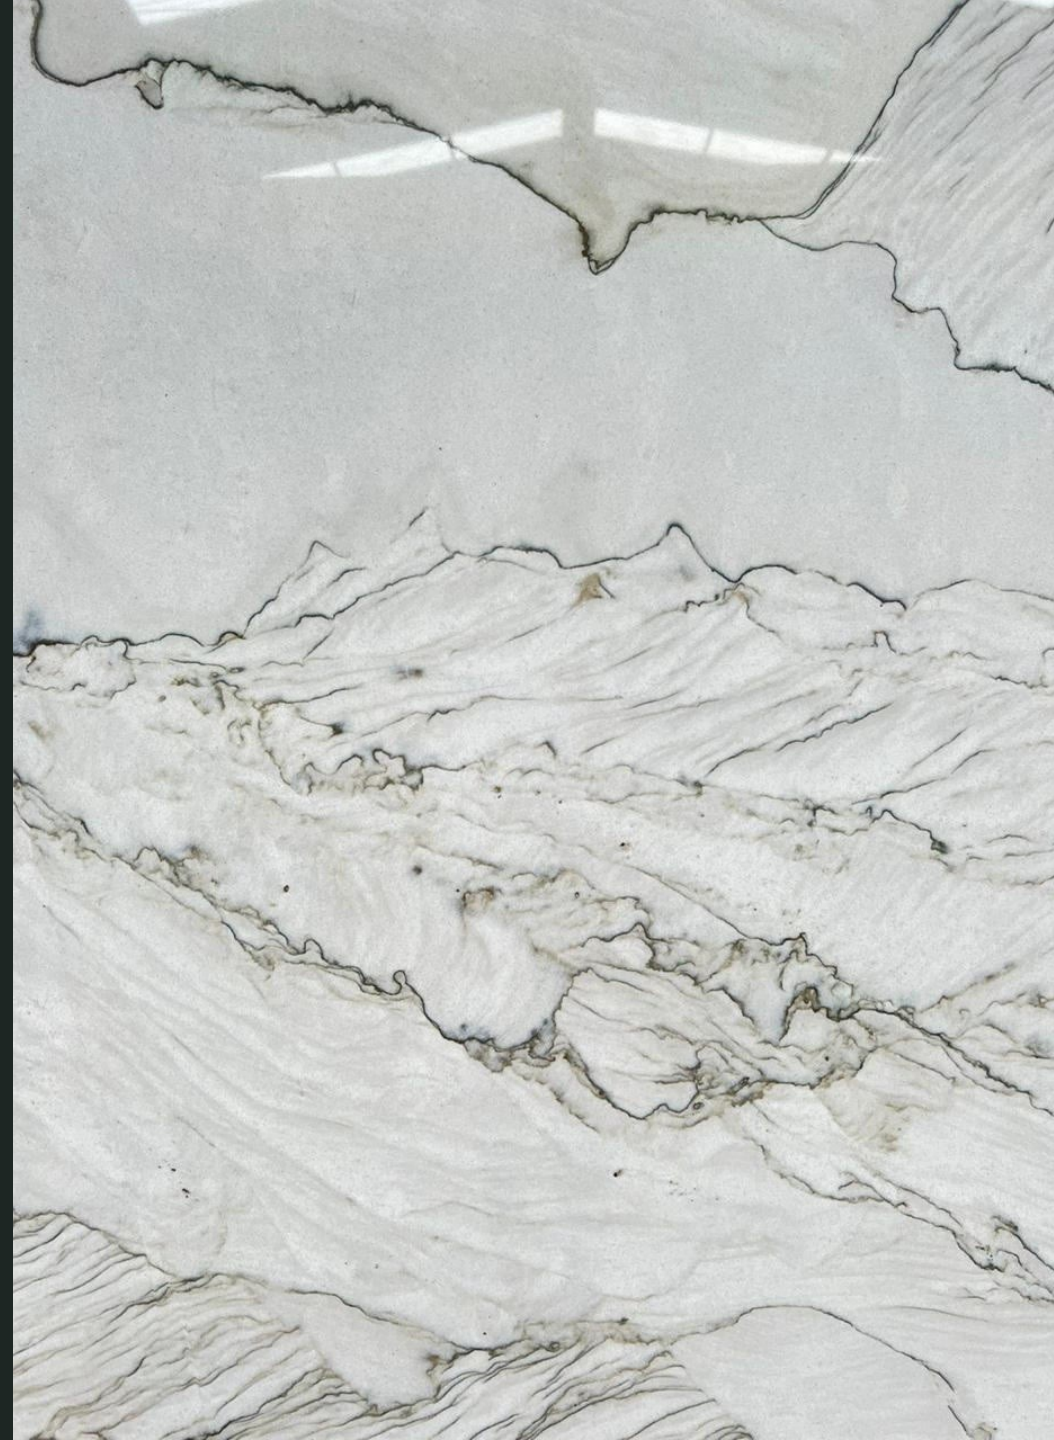

OUR ESSENCE

Brazil in its most singular form.

RB Broker Next Frontier connects the richness of Brazilian natural stone with solutions for interiors, furniture and hospitality, combining curation, transparency and commercial agility.

QUALITY TRANSPARENCY AGILITY

A collection created for architects, distributors and buyers seeking authenticity, performance and aesthetic value.

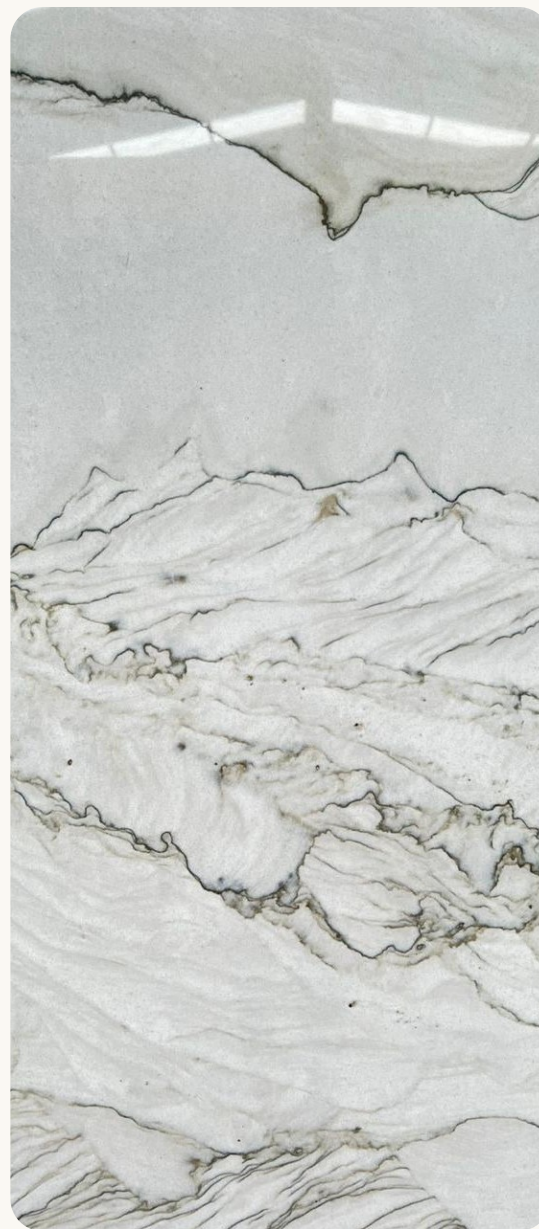

One collection. Two levels of value.

01 RAW MATERIAL

Selected slabs and blocks for architectural specification.

02 FINISHED PRODUCT

Tabletops, tables, consoles, countertops and bespoke pieces.

A more complete value chain.

01

CURATION

Stone selection and project interpretation.

02

SPECIFICATION

Material, finish, thickness and intended use.

03

TRANSFORMATION

Cutting, machining, assembly and detailing.

04

DELIVERY

Finished piece or solution ready for installation.

Technical development and final feasibility are defined according to drawings, quantity and destination.

DINING & BAR TABLES

Stone as a meeting point.

Monolithic or composite tops, sculptural bases and mineral details elevate social spaces, restaurants and hospitality projects.

RECOMMENDED MATERIALS

Taj Mahal • Calacatta Silk
Absolute Black • Via Lactea Black
White Parana • Matarazzo

SIDE TABLES

Compact scale. Mineral presence.

Accent pieces invite exploration of geometry, stone-and-metal combinations and contrasting finishes with lower material consumption.

RECOMMENDED MATERIALS

Macchia Gold • Onyx Crystal
Valentino • Monte Cristo
Sao Gabriel Black • Pearl Green

COFFEE TABLES

Volumes that ground the space.

Coffee tables celebrate expressive veining, machined edges and layered heights - a natural application for Brazilian quartzites and marbles.

RECOMMENDED MATERIALS

Matarazzo • Monte Cristo
Taj Mahal • Calacatta Silk
Pitaya • Via Lactea Black

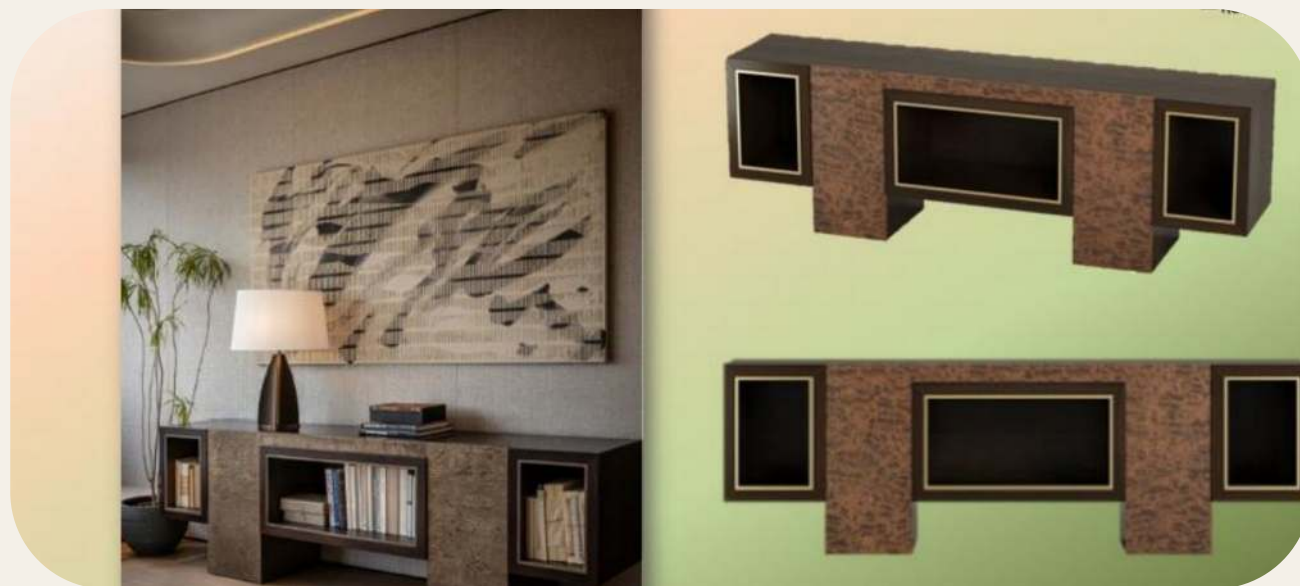

CONSOLES & SIDEBOARDS

Architecture at furniture scale.

Stone fronts, niches and tops can transform consoles and sideboards into permanent features for lobbies, suites and shared spaces.

RECOMMENDED MATERIALS

White Parana • Bege Bahia
Imperial Coffee • Ocre Itabira
Cottom Black • Ubatuba Green

The right material. The right application.

APPLICATION	RECOMMENDED FAMILY	PROJECT VALUE
TOPS & TABLES	Quartzites, marbles and granites	Veining, strength and visual impact
COUNTERTOPS & BARS	Granites and quartzites	Heavy use and practical care
CONSOLES	Marbles, quartzites and granites	Cutting precision and composition
BACKLIT PANELS	Onyx Crystal	Translucency and scenic effect
OUTDOOR AREAS	Brushed granites	Texture and slip resistance

GRANITE • BRAZILIAN STONE

Ornamental

FINISHED APPLICATION • INTERIOR REFERENCE

Ornamental Granite is a resistant and sophisticated natural stone, featuring light yellow, beige tones, and dark veins. Widely used for countertops and cladding, it stands out for its durability, low porosity, and easy maintenance, complementing various decor styles.

GRANITE • BRAZILIAN STONE

Brushed Imperial Coffee

FINISHED APPLICATION • INTERIOR REFERENCE

Brushed Imperial Coffee granite retains the deep brown tones and dark veins characteristic of the polished version, but with a matte finish and a slightly rough texture to the touch. This brushed effect enhances the natural details of the stone, giving it a rustic yet sophisticated look, ideal for high-end countertops, flooring, and cladding.

BRUSHED FINISH

COUNTERTOPS • FLOORING • CLADDING

Calacatta

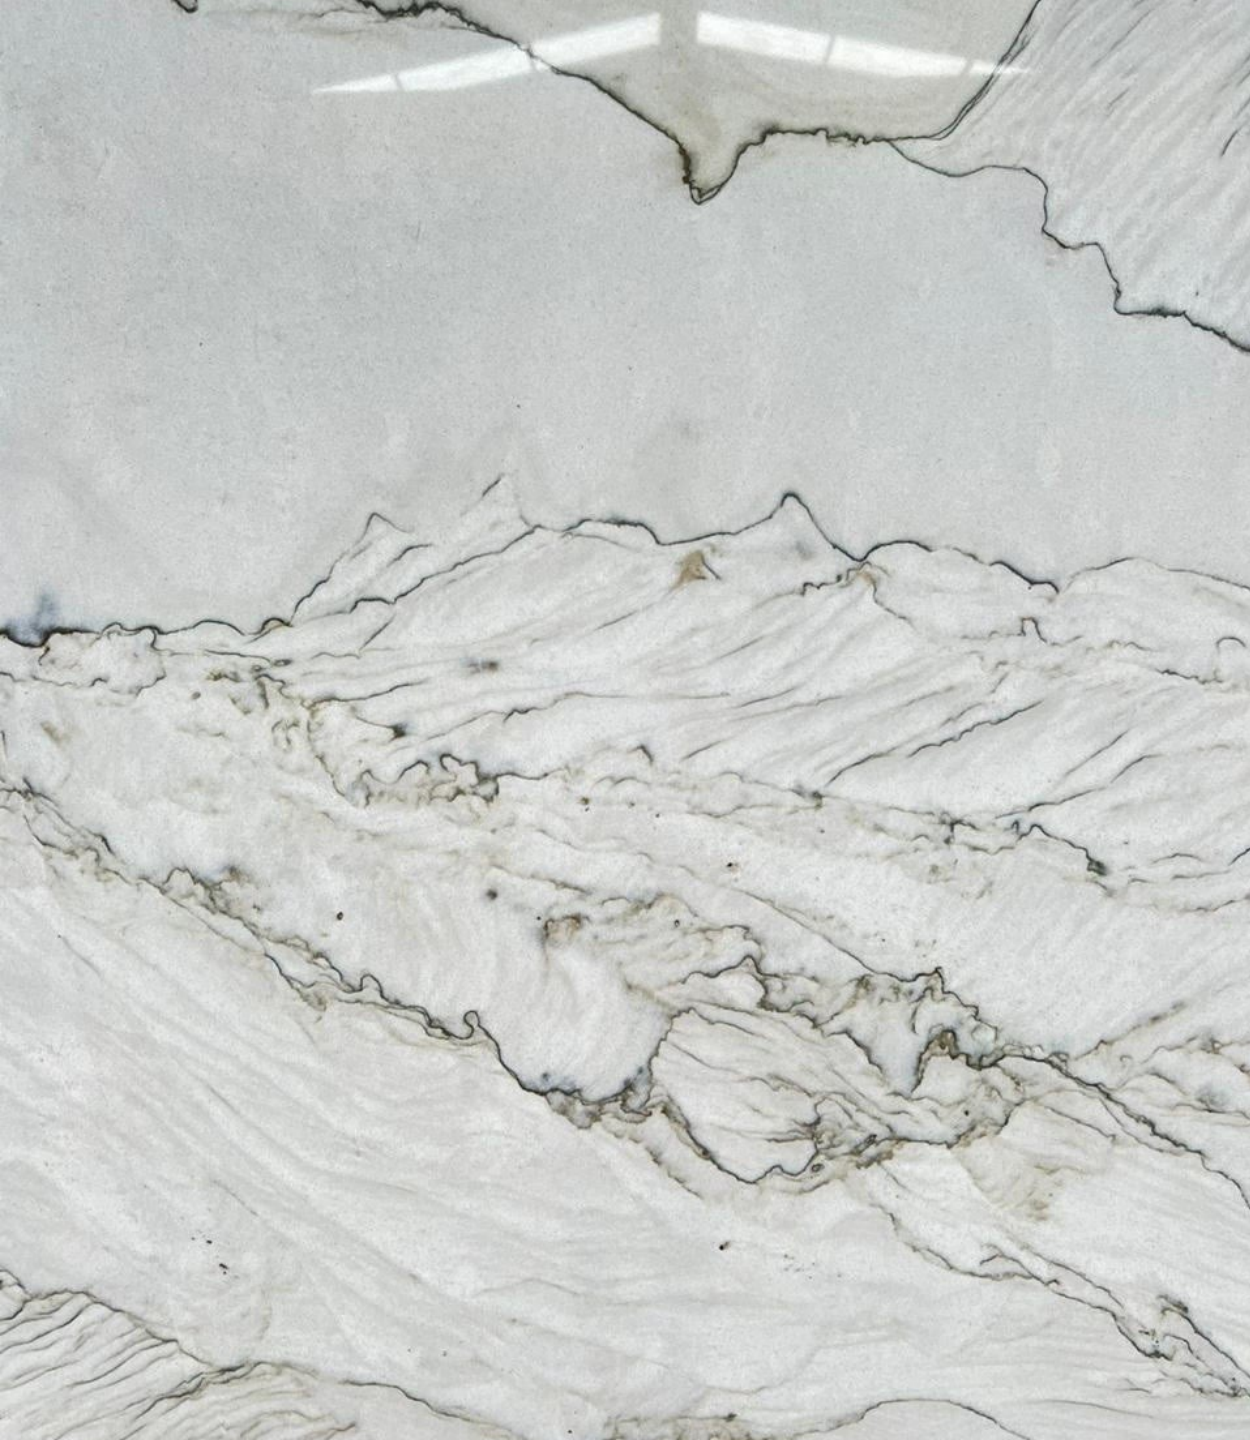

FINISHED APPLICATION • INTERIOR REFERENCE

Calacatta marble is a sophisticated natural stone, with a white or cream background and striking veins in gray, gold, or brown tones. It is known for its luxurious appearance, frequently used for countertops, flooring, and cladding to create elegant and timeless spaces.

NATURAL / POLISHED FINISH

COUNTERTOPS • FLOORING • CLADDING

QUARTZITE • BRAZILIAN STONE

Calacatta Silk

FINISHED APPLICATION • INTERIOR REFERENCE

Calacatta Silk quartzite is a sophisticated variation of Calacatta, featuring a soft white or beige background with delicate veins in gray and gold tones. Its satin finish provides a velvety touch and a subtle shine, making it ideal for elegant and modern countertops, flooring, and cladding.

THE BEAUTY OF THE UNREPEATABLE

Every slab is a one-of-a-kind work.

Because they are natural, stones vary in color, pattern and veining. These differences are not imperfections: they are the geological signature that makes every piece exclusive.

NATURE • AUTHENTICITY • EXCLUSIVITY

Let's create the next frontier together.

Brazilian natural stone and finished solutions for interiors, furniture
and hospitality.
